The EU expert will be engaged mainly on the provision of advice on EU best practice. This will take the form of written papers and input into the policy papers prepared for nine reform areas. It will involve summarising best practice and identifying areas where it is particularly relevant to the Armenian context (72 days). The expert will also advise on the provision of online information on EU policy and best practice, identifying relevant documents which set out EU policy in the reform areas, as well as reports and research which can be useful for Armenian CSOs engaged in those areas (20 days). Further, the expert will present EU best practice at various seminars and at working group meetings on behalf of the coalitions (25 days). He/she will also be a member of the sub-grants committee, bringing an EU perspective to evaluation of CSOs' project proposals (12 days). In addition, the expert will provide assistance during the inception period, advising on best practice as regards sustainability and assisting with designing and reviewing the CSO and donor mapping process (9 days).
